

Instructions on how to use the Herd Book part of the Gloucester Cattle Society web site

Once on the herd book site:

Click on “member search” to find a member. Type in part of the name, or select a region, or tick “own animals” and then click on “search” for a list to be displayed. Double click on anyone on the list to view their details.

Click on “animal search” to find an animal. Type in a breeder or owner herd number, or part of the animal’s name to produce an initial list. Double click on an animal to view its details. From the animal screen click on “pedigree” for a full pedigree or “progeny” for a progeny list. Click on any animal in blue for its details.

Members can also notify the society office of births, registration applications, deaths and transfers by clicking on the “manage your own herd” button.

To process births, deaths etc you will need your Membership Number and Password.

If you have mislaid these please contact the Breed Secretary on secretary@gloucestercattle.org.uk
