

## **GLOUCESTER BULLS AVAILABLE FOR AI 2020 – GCS members**

Semen has been collected from a number of bulls over the years, by the Rare Breeds Survival Trust in association with the Gloucester Cattle Society.

Our thanks to the RBST for the collection, storage and distribution of the semen and to Mr & Mrs Driver for independently collecting their bull Howslack Jacobite with the RBST.

A maximum of 10 straws will be sold of each bull to each breeder per year.  
**Unless otherwise stated straws cost £10 each plus a consignment fee.**

Name:	Herd Book No:	Available from:
NOENT COLOUR SERGANT	5094	Genus
NEWBROOK PERRY	5115	Genus
NOENT SOUL	5222	Genus
HOWSLACK JACOBITE*	5245	Genus (£15/straw)

Straws are available for sale from Genus at Towcester. (0870 1622000).

When placing an order with Genus ask for “**Gloucester semen held in the name of the RBST**” & state the name & registration number of the bull.

Please note: it is important before ordering to ensure that your local centre operates in the same network as Genus at Towcester (the central store for semen owned by the RBST). Alternatively check that your chosen AI centre has a working transfer system from Towcester in place.

**Available to GCS Members only**, request RBST form from GCS **before** ordering:
